

PULSE CINEMA MINI

Multi-Room Streaming Soundbar

SLEEK DESIGN THAT FITS YOUR SPACE The PULSE CINEMA MINI is a compact soundbar that delivers bold, high-performance sound without dominating your living space. Whether mounted under a screen or placed on a credenza, it blends effortlessly into any room while enhancing everything you hear. With a minimalist profile and modern aesthetic, the PULSE CINEMA MINI is built to complement your decor and elevate your entertainment. It offers a simple, elegant alternative to bulky home theater systems and cluttered component setups.

BIG SOUND FOR SMALLER SPACES Don't let its size fool you—the PULSE CINEMA MINI brings powerful, detailed audio to apartments, condos, and smaller rooms like bedrooms or dens. Tuned for clarity and depth, it fills your room with sound that enhances dialogue, music, and effects alike. Whether you're hosting friends or catching up on your favorite series, the PULSE CINEMA MINI transforms everyday moments into immersive experiences. It's the perfect solution for those who want premium sound without sacrificing square footage.

BUILT-IN BLUOS FOR EASY STREAMING With BluOS™ built in, the PULSE CINEMA MINI gives you instant access to high-resolution music streaming, multi-room audio, and intuitive control through the BluOS Controller app. Group it wirelessly with other Bluesound speakers to create immersive home theater or whole-home music systems. With support for third-party integrations like Crestron and Control4, the PULSE CINEMA MINI fits right into your connected lifestyle.

FLEXIBLE PLACEMENT AND SET UP The PULSE CINEMA MINI was designed with ease in mind. Setup is straightforward with HDMI eARC and optical inputs, and there's no need for a separate AV receiver. Its low-profile design ensures that it won't block screens or disrupt sightlines. Whether you wall-mount it or place it on a media cabinet, the soundbar adapts to your space with minimal fuss—just plug in, connect, and enjoy.

SEAMLESSLY EXPANDABLE As your needs grow, the PULSE CINEMA MINI grows with you. Add a PULSE SUB+ for deeper bass or connect a pair of Bluesound high-performance speakers for surround sound. Setup is all handled through the BluOS Controller app, keeping things clean and cable-free. With a dedicated support team available if you need it, the PULSE CINEMA MINI is designed to make premium home audio effortless and flexible.
